

West Kent Archery League

Overview

The West Kent Archery League (WKAL) is a friendly summer league for archery clubs in Kent. It started in 2017 and there are currently 6 clubs in the league.

The aims of WKAL are:

- To be inclusive as possible for all clubs within Kent Archery Association
- To promote archery for all
- To be a league that helps both experienced and new archers alike
- To be a friendly, fun and safe league for all participants
- To promote the importance of participation, whilst also offering team and individual competition

Format

A 9 dozen imperial round is shot once a month during the summer season (April to September).

Matches are played home and away (see 2022 fixture list).

An allowance system is in place to enable archers of different bow styles to compete (see rules).

There are trophies at the end of each season for the winning club as well as medals for improvement and other awards.
